## Type of Boxes

# Additional Types of Boxes

## 1. Two-Compartment Boxes

Our two-compartment boxes can neatly hold your vials inside our Convenience Kit Carrier Boxes:

- 1,000 Vial Kits will have 5 sets of two-compartment boxes
- 1,000 Vial + Caps Kits will have 5 sets of two-compartment boxes plus one box of caps

Our 100/pk Vial Kits also come in these two-compartment boxes, with caps on one side and vials in the other (as pictured).

## 2. Single Compartment Box

Our 100/pks for screw, crimp, and snap vials come in these smaller single-compartment boxes, ready for use.

## 3. Assembled Kits

Includes a 10x10 support tray with a clear cover.

Vials, caps and septa shipped assembled for maximum protection from contamination and greatest ease of use.
